Abstract**

Invitation

The **World Congress on Health Sciences and Technology (WCHST)** stands as a premier global platform advancing health sciences through groundbreaking research and cutting-edge technology, bringing together experts, researchers, innovators, healthcare professionals, and policymakers worldwide to collaborate, share knowledge, and inspire transformative changes in healthcare and medical science.

In an era of increasingly complex and interconnected health challenges, WCHST emphasizes multidisciplinary research and technological innovation, offering a unique forum to showcase advancements in biomedical research, medical devices, digital health, artificial intelligence, biotechnology, and public health strategies.

Attendees benefit from keynote speeches, interactive discussions, and workshops that foster collaboration and spark new ideas, along with valuable networking opportunities that drive real-world applications.

Committed to improving health outcomes, enhancing patient care, and promoting sustainable innovation, WCHST unites diverse perspectives to accelerate impactful solutions – inviting you to join this dynamic movement - Transforming Health through Research and Innovation.

Sessions

Harnessing Habits to Heal: Evidence-Based Approaches to Wellness

- Foundations & Principles of Lifestyle Medicine
- Nutrition, Physical Activity & Metabolic Health
- Sleep, Stress & Mental Well-being
- Addiction, Behavior Change & Social Determinants
- School & University Wellness Program- Learning early

Reimagining Pharma: Next-Gen Solutions for Global Health

- Drug Discovery & Early-Stage Research
- Drug Dossiers & Regulatory Pathways in Pharma
- Challenges Faced by Pharmaceutical Industries- Today and in Future
- Market Access, Commercialization & Future Trends

Veda to Village: Science, Policy and Practice for Holistic Wellbeing

- Foundations & Philosophy of Ayurveda: Traditional Wisdom and Modern Applications
- Authentic Ingredients and Availability- Medicinal Plants & Natural Resources
- Phytochemistry & Bioactive Compounds
- Pharmacology, Toxicology & Clinical Applications
- Formulation Science & Drug Delivery
- Ayurveda for Disease Prevention & Management

Tiny Tools, Big Impact: Driving Sustainable Solutions through Biotechnology

- Synthetic Biology and Genetic Engineering
- Environmental Biotechnology
- Agricultural and Food Biotechnology
- Space Biotechnology
- Epigenetics
- Societal Impact in Next-gen Biotechnology
- Microbial Discovery in the Genomic Era
- Synthetic Biology & Smart Microbial Engineering
- Microbiome-Driven Precision Health
- Industrial, Agricultural & Environmental Microbiome
- Microbial Innovations for Food & Sustainable Systems
- Translational Pathways, Safety & Future Frontiers
- Molecular Oncology and Precision Cancer Medicine
- Plant-Derived Bioactives and Therapeutic Discovery

Nourish to Flourish: Leaving No One Behind

- Functional Foods and Nutraceuticals
- Advanced Food processing and Fortification
- Food safety and Quality Assurance
- Gut Health and Microbiome Science
- Precision Nutrition and Digital Health

Advances in Biomedical Devices: Where Engineering Meets Healing

- Biomaterials
- Biomedical Innovations
- Biomedical Sensors
- Microfluidics and Lab-on-Chip
- Connected Healthcar

Artificial Intelligence: The New Era of Healthcare

- Public Health and Epidemiology
- Diagnostics & Early Disease Detection

Call for Abstracts

Full-length research papers are invited for consideration and should be prepared according to the following guidelines. The manuscript should not exceed 12 pages or 5,000 words, inclusive of illustrations, tables, and references. Authors are required to submit an abstract of 300–500 words, accompanied by 3–5 keywords.

The manuscript must be typed in Times New Roman, 12-point font, with the text double-spaced throughout. Normal margins should be used on all sides of the document. All submissions must be prepared in an MS Word-compatible format.

Authors are advised to strictly adhere to the prescribed format to ensure uniformity and facilitate the review process. Non-compliant submissions may be returned for revision or rejected.

Poster Session

The poster session is proposed to highlight the activities in various areas of Health Sciences and Technology. Best poster awards will be presented to students participating in the poster session. A committee comprising of eminent scientists will make its decision on the best posters presented in the conference.

Registration Fee

A 15% discount will be applicable for bulk registrations of 5 or more participants
No discounts will be available thereafter.
